

HAVE YOU SEEN THIS DOG?

Missing

Our Dog.

Important for the family business, so a
Substantial Reward
is offered for his safe return or any sighting
leading to his recovery.

Appearance

Jet-black coat, three heads, blazing red eyes,
about two metres high.

Blue-glowing drool from his jaws.

Growls a lot, but he only means it in fun.
Loves honey-cakes, music and being patted.

Last seen three days ago. He is very keen on gates and door-ways, so please check all your out-houses, sheds and garages - he is a natural guard-dog.

Will answer to the name of
“Cerberus”
